

Happy Smile

I'm a happy smile; just look at me!
I'm white and sparkly, as you can see.
I take care to brush my teeth each day
so cavities will stay away.

Rotten Tooth – Use egg cartons with tall cones on the inside of the carton so your tooth can stand up. You need two sections for the front and back of the tooth. You can glue the two pieces together so it doesn't come apart when you draw on the face. Have fun!

Practice flossing by using a white egg carton, yarn and bits of tissue or paper.

Smile – Made from a file folder and colored. Use double sided tape on the bottom of the mouth to attach to the egg carton. Display to remind you to floss everyday!
